V. 2

In Auschwitz & Dachau  
They labelled us with pink  
& black

They marked us to be put down  
But we've taken those symbols  
back . . .

For we won't let their hate  
Put an end to our hope  
We'll hold our heads up high  
For now our day is near  
When we'll be silent no more.

V. 3

In June of sixty-nine  
Chased out onto the street  
We returned to stand our ground  
No more would we retreat.

For we won't let their hate  
Put an end to our hope  
We hold our heads up high  
For now our day has come -  
We'll be silent no more.
